

## OFFICIAL OF LAKE SHORE ROAD FIFTY-FIVE YEARS

The death this week of E. Clark Luce, assistant general passenger agent of the Lake Shore railroad, with headquarters in Cleveland, marks the close of a career which for continuity of service has few parallels in railroad annals.

Mr. Luce was connected with the Lake Shore road for 55 years without a break, and was one of the best informed and best-known men in the railroad business.

He was born in Massachusetts in 1835, and went to Cleveland in 1853, where he soon found employment with the Cleveland & Toledo railroad, which was the name of the road afterward acquired by the Lake Shore.

He retained his various positions through all administrations from that time to the day of his death.

### RAILROAD NOTES—

Ed F. Coddington, a day hostler at the local roundhouse, is nursing a spell of illness.

A. G. Daniels, a train dispatcher from Salt Lake City, has accepted a position under Chief Dispatcher Shafter here.

Fireman Green has crossed the Glorieta mountains with his wife, possibly to go to work on the Santa Fe branch.

A. Baker and C. H. Wells were the only extra brakemen whose names appeared on the board in the local yard office last evening.

For the next four days ten cars of ice will be billed daily from Las Vegas hot springs to Winslow, Ariz., instead of four cars as heretofore.

Berk Holter, one of the main props of the Santa Fe tie-preserving works in Albuquerque, was traveling on a pass to that city last evening on No. 9 from Wagon Mound.

Conductor R. S. Aird went north from this terminal yesterday afternoon with a string of seventy empties, for every one of which he will have to account at the end of his run.

Conductor J. V. Wells piloted engine 1218 down the line yesterday, with Engineer William Parnell cleverly and comfortably seated on the right side of the cab, gloved hand on the throttle.

M. M. Sundt, the Las Vegas contractor and builder, yesterday shipped a car of building material from this city to Fort Bayard, N. M., at which military post he has a government contract well under way.

Two Wells-Fargo refrigerator express cars which had evidently been caught and damaged in a train wreck somewhere, have been in Las Vegas yard a day or two, in transit east for needed and necessary repairs.

Brakeman Chas. M. Robinson who had taken a protracted and extended vacation trip east with his family, resumed work on the rails last night as a trusted and efficient member of Conductor W. F. Hetzler's crew.

Santa Fe railroad pay checks come tomorrow. Not one time in several years have they failed to come to hand here on No. 1 passenger train on the afternoon of the 15th of this

month. It may be truthfully said of this great corporation that it pays well and promptly.

Bernard Kastler, a crack telegraph operator in Las Vegas relay office, under Manager Morants, will leave for Los Angeles and San Francisco, Friday, accompanied by Will Dillon an operator in the local yard office.

James J. Ford, representing the New York Central fast freight lines, office in Denver, went south to Albuquerque from this city last night. He reports better business than for a long time and bright prospects ahead for the country generally.

J. D. Hays, foreman of a Santa Fe paint gang that has been stationed here for several weeks, ordered a bunk car sent to Maxwell City yesterday probably for the accommodation of the brush artists who will paint the agent's new cottage at that place.

No. 39 westbound "red ball" fast freight, was held here all of yesterday for the want of motive power to move it. This is an earnest that business on the Santa Fe is picking up again, and it is hoped by trainmen and engineers that it will stay picked up.

Owing to the fact that No. 1 had been annulled Monday afternoon, there was no passenger crew in Albuquerque to protect No. 10, consequently it fell to the lot of Conductor James Purcell and crew to fetch that cushioned train up to this division point yesterday afternoon.

Conductor Geo. E. Tripp has taken a lay-off for the reason that a brother, Louis Tripp, is seriously ill in Albuquerque. His mother joined him in the Duke city yesterday and other relatives are awaiting advices from his bedside before going down, in the event he is not able to be moved to this city.

S. Benedito, who had been assisting Dr. H. W. Goelitz on the books at the Santa Fe employees' hospital here, coming hence from New Orleans about two years ago, is being installed as cashier at Hotel Castaneda down town. He will relieve Cashier R. W. Miller, who will go trout-fishing with J. D. Harrity before deciding on something else to do for an honest livelihood.

Two of the latest publications from the passenger department of the Northern Pacific read are a folder exploiting the 17th national irrigation congress to be held in Spokane, August 9-14 next and an unusually attractive booklet entitled "Northern Pacific Train Service." Each is educational in its own way, and both publications are fully up to the highest standard of railroad literature as to carefully prepared text and well selected illustrations.

All of the city passenger and ticket offices in Chicago are thronged with transportation buyers these days. Reservations are well ahead as to sleeper accommodations on all the standard through trains in every direction, and it is the expressed opinion of several passenger department heads that never before in the history of railroading has there been so

general a movement of passengers on all lines east and west as has taken place during the past thirty days. Favorable rates will be in effect to all points for some time to come, and there is no present indication of any let up in the volume of passenger traffic.

The Rock Island-Frisco lines are enlarging their city ticket office at the corner of Adams and Dearborn streets in Chicago, in order to meet the demands of a steadily increasing passenger business. The enlarged offices will run through from Adams street to the rotunda of the Marquette building, and there will be entrances from the rotunda and Dearborn street as well as from Adams. New fixtures will be installed and one of the most commodious and handsomely furnished ticket offices in the city will be provided.

## RENDERS OPINION ON CATTLE SANITARY TAX

(Raton Range.)  
There has been considerable discussion as to the proper interpretation of the law governing the tax levy for "cattle," which was apparently in the original bill, passed and signed by the governor, and which bore the words, "in addition to the designation of equines." In the transcribing or printing of the bill the word "cattle" was dropped, and the copies of the law, received by the officials here do not bear any reference to the tax for cattle. The matter was discussed by the board of county commissioners last week, and District Attorney E. E. Studley addressed Attorney General Clancy on the subject. Mr. Clancy's letter follows:

Hon. E. E. Studley, District Attorney,  
Raton, N. M.  
Dear Sir:

In accordance with your request of this morning by telephone, I have examined Chapter 9 of the Laws of 1909, and taking the whole statute together, I believe that you are correct in holding that it must have been the intention of the legislature that the special tax should be levied on cattle as well as on equine animals and that this is so apparent that a court would so hold. The omission of the word "cattle" in section 9 is clearly an inadvertent error, as in the same sentence it is declared that the proceeds of the tax shall constitute a fund for the eradication of diseases among cattle as well as among equine animals. The fund is to be used for the paying of indemnity claims for animals slaughtered and for expenses under the provisions of this act. Cattle are among the animals which may be slaughtered, and, taking the whole act together, as already stated, I believe you are safe in construing it to mean the tax shall be levied upon the value of all animals, which are to be examined and protected.

Yours Truly,  
FRANK W. CLANCY,  
Attorney General.

## DISSOLVES TEMPORARY INJUNCTION IN SUIT

Judge John R. McFie, in district court at Santa Fe yesterday, dissolved the temporary injunction and refused to take jurisdiction on the ground that real estate was involved and that therefore the case should be litigated in Otero county, where the real estate is situated, in the suit of the Sacramento Mountain Irrigation company vs. Oliver M. Lee, et al., of Alamogordo, involving water rights on the Sacramento river and tributaries in Otero county. This case has caused widespread litigation and legal proceedings reaching to Washington, to Iowa, to Santa Fe, and other points and has been pending in its various phases for many months.

## HOTTEST DAY IN 11 YEARS IN SANTA FE

The heat Monday broke another record at Santa Fe according to the New Mexican, passing the ninety-mark for the first time in eleven years. Only five times in the past 24 years, was it as hot or hotter at Santa Fe. The maximum there Monday was ninety-one degrees.

## TWENTY-THREE DOCTORS APPLY FOR LICENSES

The Territorial Board of Health and Medical Examiners adjourned yesterday at Santa Fe after a two days' session during which it transacted considerable routine business. There were twenty-three applications for licenses to practice medicine in New Mexico.

## BABY'S TERRIBLE WATERY ECZEMA

Itching Humor Broke Out on Tiny Mite's Cheeks—Would Tear His Face Till Blood Streamed Down Unless Hands were Bandaged—Spent \$50 on Useless Treatments.

## CURED BY CUTICURA AT COST OF BUT \$1.50

"When my little boy was two and a half months old he broke out on both cheeks with eczema. It was the itchy, watery kind and we had to keep his little hands wrapped up all the time, and if he would happen to get them uncovered he would claw his face till the blood streamed down on his clothing. We called in a physician at once, but he gave an ointment which was so severe that my babe would scream when it was put on. We changed doctors and medicines until we had spent fifty dollars or more and baby was getting worse. I was so worn out watching and caring for him night and day that I almost felt sure the disease was incurable. But finally reading of the good results of the Cuticura Remedies, I determined to try them. I can truthfully say I was more than surprised, for I bought only a dollar and a half's worth of the Cuticura Remedies (Cuticura Soap, Ointment and Pills), and they did more good than all my doctors' medicines I had tried, and in fact entirely cured him. I will send you a photograph taken when he was fifteen months old and you can see his face is perfectly clear of the least spot or scar of anything. If I ever have this trouble again, I will never think of doctoring but will send for the Cuticura Remedies at once. As it is, I would never think of using any other than Cuticura Soap for my babe. You are at liberty to publish this, it may help some distressed mother as I was helped. Mrs. W. M. Comer, Burnt Cabins, Pa., Sept. 15, 1908."

Cuticura Soap (25c), Ointment (50c), Resolvent (50c), and Chocolate Coated Pills (25c), are sold throughout the world. Dealers: London, J. C. Ash & Sons; Paris, 5, Rue de la Paix; Australia, H. ## An Invitation to Women.

The Lydia E. Pinkham Medicine Company of Lynn, Mass., cordially invite any woman interested to call at their laboratory at Lynn, Mass., and see for herself the care which is taken with the vast correspondence received from the women of this country. No letter or testimonial has ever been made public without the written wish or consent of the writer. No confidence has ever been violated, and never in their history have they sold or disposed of any of their letters from women. It is for these reasons that thousands of suffering American women every year feel free to write Mrs. Pinkham for her valuable advice, which is always given free of charge.

## Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

**TAKE CARDUI**

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.
